

Product Specifications

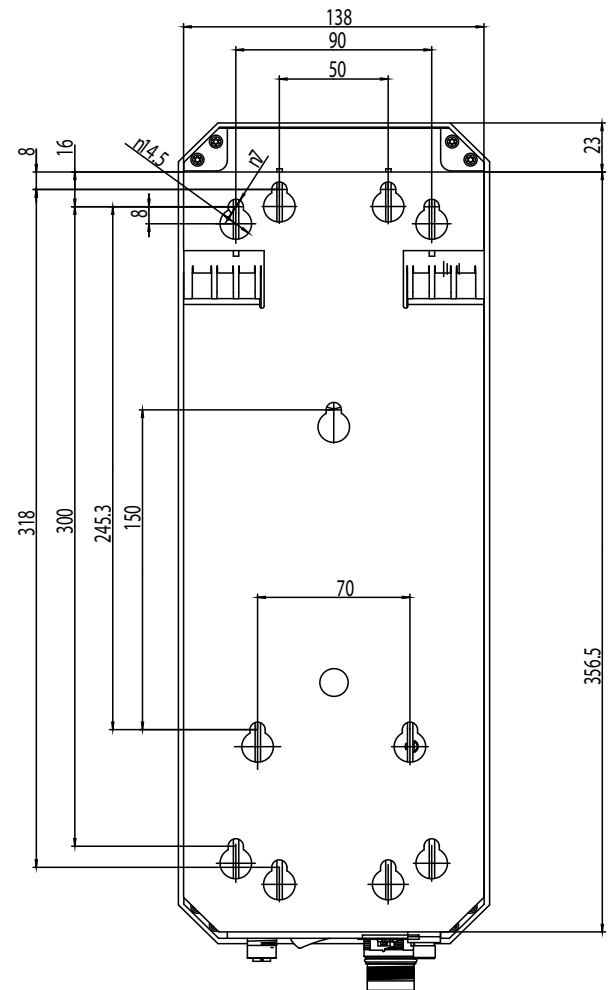

mPro300GCD

GLOBAL CONTROLLER

The **mPro300 Series Controller** is specifically designed for **NeoTek corded assembly tools**. The mPro300 provides versatile protocol functionality and easy integration into plant systems.

FEATURES

- **Connected Cordless** - Dedicated one-to-one connected solution for NeoTek tools
- **Easy to Use** - Large 7" touch screen enables simple programming and quick access to tightening data
- **Versatile** - Seamlessly integrate with multiple plant protocols

SPECIFICATIONS

TOOL COMPATIBILITY

NeoTek 30 / 50 / 70 Series

WEIGHT & DIMENSIONS

Weight	11.61 kg / 25.6 lb
Width	142 mm / 5.6 in
Height	385 mm / 15.15 in
with tool connector	410 mm / 16.1 in
Depth	297 mm / 11.7 in
with bracket	300 mm / 11.8 in

INPUTS & OUTPUTS

1X NeoTek Cable Port	1X TSnet Input
1X Fieldbus	1X TSnet Output
1X Ethernet	1X Power Input
1X Serial RS-232	(Single Phase 100–240 VAC ±10%)
2X USB	1X SD Card Slot
2X 24V I/O (8 in / 8 out)
