

The New Cleco 19-Series

Unmatched Productivity. Uncompromising Comfort.

Cleco[®]

Accuracy. Durability. Productivity.

Legendary Reliability.

Your productivity is our greatest influence. Therefore, we have successfully combined your expertise and our experience in the development of the new Cleco 19-Series. Hence, the most accurate, longest-lasting and most user-friendly screw-driver family one the market has been created. The Cleco 19-Series offers you the ideal solution for the most demanding fastening applications where accuracy, repeatability and durability are held to the strictest standards.

New design and advanced materials yield **up to 19% weight reduction** based on configuration.

Completely **re-engineered Cleco-matic® clutch** delivers best-in-class accuracy, exceeding a Cm of 2.0 with a tolerance of +/- 10%. This meets an **accuracy compared to electric tools.**

Adjustable reverse lever is located near the trigger to offer **true one-hand operation and adaptability for left-or-right-handed users.**

Easy-to-access torque verification port to **connect torque verifier.**

Two **interchangeable grip sizes** adapt to the widest range of hands and provide **increased flexibility** as well as **reduced operating cost.**

Soft-touch grip is integrated into the newly designed handle to deliver superior protection against temperature, chemicals, vibration and slippage. For the operator, this means **improved ergonomics and reduced fatigue.**

Model Number	Description
--------------	-------------

Signal-Kits for TVP-110

301106	applicable with all inline- and right angle screwdrivers with shut-off and lever
302021PT	applicable with all pistol screwdrivers with shut-off

Model Number	Weight (kg)	Width (mm)	Height (mm)	Depth (mm)
--------------	-------------	------------	-------------	------------

Torque Verifier

TVP-110-30-E (230V)	2.72	222	232	105
---------------------	------	-----	-----	-----

Power cable, air signal-transducer, one 8m-cable for connection with air signal-transducer as well as one 2.3m-air cable for connection with transducer at the tool are included in delivery.

NOTICE: Tool has to be equipped with a Signal-Kit for TVP-110.

More accessories are available upon request. We are still offering bits, bit holders, springs, handles, balancers etc.

Cleco®
