

Datasheet of WS 12 NI WaterProfi-Plug G 1/2" IG

Description

WaterProfi-plug with female thread (valve adaptor) G 1/2", brass nickel plated, DN 9

WaterProfi plugs are completely made of brass MS 58 which offers a more robust and wear resistance vs other couplings made of plastics. The one-hand operation guarantees a simplified work and an optimum ease of use. WaterProfi products are outfitted with O-rings to offer best sealing characteristics. That means: leakages can be avoided with the coupling system as often seen with pre-mounted compression fittings now in the past.

Details

Series:	WS
Series long:	WS
Bore:	DN 9
Maximum working pressure in bar:	PN 16 bar
max. temperature in °C:	+95°C
Shut-Off:	Plug Straight-Through
Connection:	Female thread 1/2"
Material:	Brass nickel plated
Weight in kg:	0,07

Dimensions

B mm:	30
L mm:	38
