

Datasheet of WSD-S WaterProfi spray nozzle with plug

Description

WaterProfi spray nozzle with plug, brass nickel plated, DN 9

The highlight of the WaterProfi series is the spray nozzle. Best characteristics are shown by the premium finishing and its significant technical features. The front part of the nozzle is made of nickel-plated aluminium in regards of weight reduction. All other parts are made of brass. The material combination and the design featuring the WaterProfi spray nozzle as very robust and durable. At the nozzle orifice, an additional sealing ring prevents leakages even in case of rough handling and massive loads. The knurled sleeve is dedicated to a firm grip, even under wet conditions, this design offers safe handling.

Details

Series:	WS
Series long:	WS
Bore:	DN 9
Maximum working pressure in bar:	PN 16 bar
max. temperature in °C:	+95°C
Material:	Brass nickel plated
Weight in kg:	0,29

Dimensions

B mm:	33
L mm:	118
