

Datasheet of WL 32 S WaterProfi-plug with hose stem SLW 32

Description

WaterProfi-plug with hose connection 1 1/2" (32 mm), brass nickel plated, DN 16

WaterProfi plugs series WL are completely made of brass MS 58 which offers a more robust and wear resistance vs other couplings made of plastics. The one-hand operation guarantees a simplified work and an optimum ease of use. WaterProfi products are outfitted with O-rings to offer best sealing characteristics. That means: leakages can be avoided with the coupling system as often seen with pre-mounted compression fittings now in the past.

The **series WL** with extra large through-hole is ideal for water supply in industry, craft, agriculture and horticulture.

Details

Series:	WL
Series long:	WL
Bore:	DN 16
Maximum working pressure in bar:	PN 16 bar
max. temperature in °C:	+95°C
Shut-Off:	Plug Straight-Through
Connection:	Hose barb 32mm LW(1 1/4")
Material:	Brass nickel plated
Weight in kg:	0,149

Dimensions

B mm:	34
L mm:	64
