

## Datasheet of WPN 34 IAB WaterProfi-coupling G 3/4" IG Quick coupling

### Description

WaterProfi-quick coupling with shut-off valve and female thread G 3/4", brass nickel plated, DN 9

WaterProfi quick couplings are completely made of brass MS 58 which offers a more robust and wear resistance vs other couplings made of plastics. The one-hand operation guarantees a simplified work and an optimum ease of use. WaterProfi products are outfitted with O-rings to offer best sealing characteristics. That means: leakages can be avoided with the coupling system as often seen with pre-mounted compression fittings now in the past.

### Details

|                                  |                                |
|----------------------------------|--------------------------------|
| Series:                          | WPN                            |
| Old order number:                | WS 34 IAB                      |
| Series long:                     | WPN                            |
| Bore:                            | DN 9                           |
| Maximum working pressure in bar: | PN 16 bar                      |
| max. temperature in °C:          | +95°C                          |
| Shut-Off:                        | Quick coupling Single Shut-Off |
| Connection:                      | Innengewinde G 3/4"            |
| Material:                        | Brass nickel plated            |
| Weight in kg:                    | 0,131                          |
| Water-resistant:                 | Yes                            |
| Single-hand operation:           | Yes                            |
| Two-hand operation:              | No                             |
| Self-venting coupling:           | No                             |
| Safety locking system:           | No                             |
| Flat-sealing:                    | No                             |

### Dimensions

|        |    |
|--------|----|
| L mm:  | 53 |
| D mm:  | 28 |
| L1 mm: | 10 |
| SW mm: | 30 |
