

Datasheet of 21SFTS06MXX3 Plug color coded

Description

Plug straight-through, coded system (3 = brown, triangle), panel mount with hose barb 6mm (1/4), nominal diameter 5, <35 bar, brass

Coded industrial coupling system developed on the basis of series 21 with above-average flow rate for liquid and gaseous medio. Coupling system with single-hand operation. The mechanical coding of the coupling and plug offers a guarantee for avoiding mix-ups between media when coupling, which is complemented by the color coding of the anodised sleeves. Double shut-off version available on request.
