

## Datasheet of 21KFAW13MVC8 Quick coupling with male thread

### Description

Quick coupling straight-through, coded system (8 = red, octagonal), male thread G 1/4, nominal diameter 5, <35 bar, brass chrome plated, seal FKM

Coded industrial coupling system developed on the basis of series 21 with above-average flow rate for liquid and gaseous media. Coupling system with single-hand operation. The mechanical coding of the coupling and plug offers a guarantee for avoiding mix-ups between media when coupling, which is complemented by the color coding of the anodized sleeves. Double shut-off version available on request.
