

# Datasheet of 1700KAAK17SPN Quick coupling with male thread USTRIE

# Description

Quick coupling single shut-off, male thread R 3/8, nominal diameter 10, <35 bar, steel nickel plated, seal NBR

Rectus Tema premium industrial coupling 1/2 with standard European profile. Suitable for compressed air applications with greater than average air consumption. Above-average flow values compared with standard market products. Coupling system with single-hand operation. UltraFlo valve for optimum flow and low pressure drop.

### **Details**

| Series:                                   | 1700   |
|---|--|
| Series long:                              | 1700KA   |
| Bore in mm:                               | 10   |
| Bore area in mm <sup>2</sup> :            | 80   |
| Advantages:                               | One-hand operation. UltraFlo valve. Reduced coupling   |
| Advantages.                               | forces.  |
| Compatibility:                            | RECTUS 27 RECTUS 1727 TEMA 1700  |
| Working pressure:                         | 35 bar maximum static working pressure with safety factor 4 to 1.  |
| Working temperature:                      | -20°C up to +100°C (NBR) -40°C up to +120°C (EPDM) -15°C up to +200°C (FKM) 0°C up to +316°C (FFKM) depending on the medium. |
| Shut-Off:                                 | Quick coupling Single Shut-Off   |
| Connection:                               | Male thread 3/8"   |
| Connection description:                   | Male tapered thread of Whitworth form DIN 2999 3/8"  |
| Connection type:                          | Male thread  |
| Material:                                 | Steel nickel-plated  |
| Material description:                     | Steel 9SMnPb28K 1.0718   |
| Seal description:                         | Nitrite-butadiene rubber   |
| Surface:                                  | nickel plated  |
| Material connection:                      | Brass nickel plated  |
| Material valve body:                      | Steel, QPQ treated   |
| Material sleeve:                          | Brass nickel plated  |
| Material valve:                           | Brass  |
| Material spring snap ring:                | stainless steel AISI 301   |
| Material balls/pins:                      | Stainless steel AISI 420   |
| Material seal:                            | Perbunan®  |
| Weight in kg:                             | 0,145  |
| Self-venting coupling:                    | No   |
| Safety locking system:                    | No   |
| Single-hand operation:                    | Yes  |
| Two-hand operation:                       | No   |
| Ball locking:                             | Yes  |
| Pin lock:                                 | No   |
| Ultra-FLO-valve:                          | Yes  |
| Vacuum suitable:                          | No   |
| Water-resistant:                          | No   |
| Flat-sealing:                             | No   |
| Suitable breath / respiratory protection: | No   |
| Pressure eliminator:                      | No   |
| Hydraulics:                               | No   |
| Pneumatics:                               | Yes  |
| Standard product:                         | Yes  |
| Mould coupling:                           | No   |

## Dimensions

| Connection A: | R 3/8 |
|---------------|-------|
| D mm:         | 27    |
| L mm:         | 70    |
| L1 mm:        | 12    |
| SW mm:        | 24    |
