

Datasheet of 74KBIW21MKX Quick coupling with female thread

Description

Quick coupling double shut-off, female thread G 1/2, nominal diameter 11, <150 bar, brass, seal FFKM

Coupling series 74kb with plug profile compliant with ISO 7241-1 series B. Particularly suited to use with liquid medio. Coupling system with two-hand operation, i.e. both hands are required when coupling/uncoupling. The coupling series stands out for its high flow rates against a low pressure drop.
