

Datasheet of Hose balancer ATR-5

Description

Hose balancer, payload range 3,5 - 5 kg, cable length 2 m, with connection R 3/8"i., air connection R 3/8"i., automatic locking

Industrial hose balancer with automatic withdrawal of the hose. The inner diameter of the hose (10 mm) ensures appropriate air supply for larger tools. A ratchet mechanism can be activated separately for positioning the tool in any desired height. A safety lock prevents the hanged tool from falling if the spring breaks. Extension hoses for work in great heights are optionally available. connection R 3/8" to air supply and R 3/8" on the tool.

Details

Series:	ATR
Series long:	ATR
Payload range in kg:	3,5 - 5
Cable length in m:	2
Material casing:	Plastic
Suspension:	Turnable carabiner
Load setting:	External hexagon
Cable stop:	Yes, adjustable
Locking:	Yes
Connection (casing):	Female thread R 3/8"
Connection (hose):	Female thread R 3/8"
Maximum working pressure in bar:	8
Spring fracture protection:	Yes
Fall protection:	Preparation existing
Weight in kg:	3,8

Dimensions

Hose Inner diameter in mm:	10
