

PU10/260 PU-hose

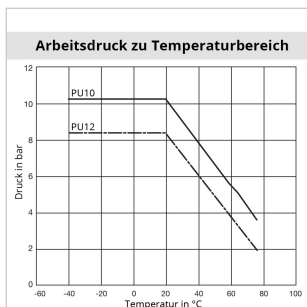

Polyurethane hose with straight extension, blue, RECTUFLEX, 6,3 x 9,5 mm

Product description

The extremely elastic Nycoil polyurethane hose with straight extension (100 mm at the connecting end, coils in various lengths, 2000 mm at the tool connection end) has the same favourable properties as our conventional coiled hoses: high shape recovery, low looping tendency, higher abrasion resistance, outstanding stability with very low empty weight. In addition, the straight extensions guarantee more freedom of movement and easier handling in the hard working process.

Product properties

Outer diameter in mm	9,5
Special feature	with straight extension
Working pressure	see chart
Colour	blue
Weight in kg	0,3131
Hardness	95 Shore A
Material	Polyurethane (PU)
Hose outlet	axial
Series	RECTUFLEX
Working temperature	-40°C up to +75°C
Additional information	Polyurethane hose with straight extension

Dimensions

Connection 1	without
Connection 2	without
Inner diameter	6,3 mm
Length in m	6
Max. working length in m	6,0
Hose Inner diameter in mm	6,3
Wall thickness in mm	1,6
Outer coil diameter in mm	60
