**Product properties**

|                                    |                                           |
|------------------------------------|-------------------------------------------|
| <b>Outer diameter in mm</b>        | 16,5                                      |
| <b>Working pressure</b>            | 15 bar                                    |
| <b>Colour</b>                      | red                                       |
| <b>Mould coupling</b>              | Yes                                       |
| <b>Weight in kg</b>                | 10                                        |
| <b>Material</b>                    | Ethylene-propylene - diene monomer (EPDM) |
| <b>Professional recommendation</b> | Cooling Injection Moulds                  |
| <b>Series</b>                      | MHE                                       |
| <b>Working temperature</b>         | -40°C up to +140°C                        |
| <b>Additional information</b>      | Suitable especially for water             |

**Dimensions**

|                                  |         |
|----------------------------------|---------|
| <b>Connection 1</b>              | without |
| <b>Connection 2</b>              | without |
| <b>Inner diameter</b>            | 9,5 mm  |
| <b>Length in m</b>               | 50      |
| <b>Hose Inner diameter in mm</b> | 9,5     |
| <b>Wall thickness in mm</b>      | 3,5     |
