

Hose balancer THB-65

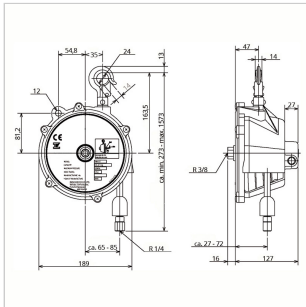

Hose balancer, payload range 5 - 6,5 kg, cable length 1,3 m, with connection R 1/4"i., air connection R 3/8"i.

Product description

Industrial hose balancer. Steady pulling force due to ne conical hose drum. The inner diameter of the hose (8,5 mm) ensures appropriate air supply for larger tools. A safety lock prevents the hanged tool from falling if the spring breaks.

Product properties

Fall protection	Preparation existing
Connection (casing)	Female thread R 3/8"
Connection (hose)	Female thread R 1/4"
Locking	No
Suspension	Turnable carabiner
Spring fracture protection	Yes
Weight in kg	2,2
Material casing	Plastic
Maximum working pressure in bar	8
Cable stop	Yes, adjustable
Series	THB
Series long	THB
Payload range in kg	5 - 6,5
Load setting	External hexagon

Dimensions

Hose Inner diameter in mm	8,5
Cable length in m	1,3
