## Product properties

|                                 |                      |
|---------------------------------|----------------------|
| Weight in kg                    | 0,43                 |
| Maximum working pressure in bar | 120                  |
| max. temperature in °C          | 180                  |
| min. temperature in °C          | -20                  |
| Bore in mm                      | 5                    |
| Nominal pressure in bar         | 400                  |
| RoHS compliant                  | Yes                  |
| Material seal                   | PTFE                 |
| Material body                   | Stainless steel 316l |
| Material lever                  | Stainless steel      |
| Material stem                   | Stainless steel      |
| Material union nut              | Stainless steel      |
