

0657 66 13 Blowgun

Safety blowgun kit with angled tube nozzle (short), NW 2,5, connection G1/4

Product description

Easy and ready to use with a 4m long recoil tubing, this kit combines progressive action and ergonomic design. This blowgun is designed with an upper body air supply connection point and a removeable angled tube nozzle (short) providing a powerful and progressive air jet. It is an ideal choice where access is restricted since the nozzle can be rotated through 360°.
