Product properties

|                                 |                     |
|---------------------------------|---------------------|
| Weight in kg                    | 0,288               |
| Maximum working pressure in bar | 8                   |
| max. temperature in °C          | 60                  |
| min. temperature in °C          | -15                 |
| RoHS compliant                  | Yes                 |
| Material seal ring              | Engineered polymer  |
| Material seal                   | NBR                 |
| Material adjusting spindle      | Brass nickel plated |
| Material body                   | Zamac               |
