

## 7894 06 13 Non-return valve

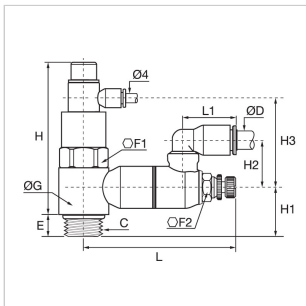

Non-return valves, Piloted Non-return valve mit flow regulator and exhaust, 6 mm - G1/4

### Product description

Designed to protect your installations: blocks cylinder movement instantaneously, allows the cylinder to stop in a mid-stroke position, maintains loads in case of loss of pressure or emergency shut-off

## Product properties

|                                 |                             |
|---------------------------------|-----------------------------|
| Weight in kg                    | 0,067                       |
| Maximum working pressure in bar | 10                          |
| max. temperature in °C          | 60                          |
| min. temperature in °C          | -5                          |
| RoHS compliant                  | Yes                         |
| Material boot                   | &nbsp;                      |
| Material deflector              | &nbsp;                      |
| Material seal ring              | &nbsp;                      |
| Material seal                   | &nbsp;                      |
| Material nozzle                 | &nbsp;                      |
| Material spigot                 | &nbsp;                      |
| Material adjusting spindle      | &nbsp;                      |
| Material spring                 | &nbsp;                      |
| Material body                   | Engineered polymer          |
| Material body 2                 | Brass nickel plated         |
| Material threaded fitting       | &nbsp;                      |
| Material gripping ring          | &nbsp;                      |
| Material piston                 | Brass treated               |
| Material locknut                | &nbsp;                      |
| Material balls                  | &nbsp;                      |
| Material seat seal              | &nbsp;                      |
| Material release button         | &nbsp;                      |
| Material diaphragm              | &nbsp;                      |
| Material lock plate             | &nbsp;                      |
| Material non-return valve       | &nbsp;                      |
| Material silencer               | &nbsp;                      |
| Material lever                  | &nbsp;                      |
| Material stem                   | &nbsp;, Brass nickel plated |
| Material sliding sleeve         | &nbsp;                      |
| Material plug sockets O-ring    | &nbsp;                      |
| Material union nut              | &nbsp;                      |
| Material toothed washer         | Stainless steel             |
