

7926 07 10 Function coupling

Function couplings, body with push-in connection, NW 7,3, 10 mm

Product description

function coupling, body with LF3000-connection:

- designed to isolate a circuit without venting the whole installation
- can be released and connected without safety issues
- Connection confirmed by an audible click
- light weight and compact

Product properties

Weight in kg	0,044
Maximum working pressure in bar	10
max. temperature in °C	70
min. temperature in °C	-20
Bore in mm	7,3
RoHS compliant	Yes
Material seal	NBR
Material body	Engineered polymer
Material threaded fitting	Brass nickel plated
Material gripping ring	Engineered polymer
Material toothed washer	Stainless steel

Dimensions

G	22
L	58,5
ØD	10 mm
