

WS 19 GT WaterProfi-screwing hose stem

WaterProfi-screwing hose stem G3/4" AG, DN 15, for hose 3/4" (19 mm), brass nickel plated

Product description

WaterProfi components are completely made of brass MS 58 which offers a more robust and wear resistance vs other couplings made of plastics. The one-hand operation guarantees a simplified work and an optimum ease of use. WaterProfi products are outfitted with O-rings to offer best sealing characteristics. That means: leakages can be avoided with the coupling system as often seen with pre-mounted compression fittings now in the past.

Product properties

Connection	Hose barb 19mm LW(3/4")
Seal	EPDM
Weight in kg	0,046
Material	Brass nickel plated
Maximum working pressure in bar	PN 16 bar
max. temperature in °C	+95°C
Bore	DN 9
Professional recommendation	Water
Series	WS
Series long	WS

Dimensions

B mm	26,5
L mm	41
