

WS 25 GT WaterProfi-screwing hose stem

WaterProfi-screwing hose stem G3/4" AG, DN 20, for hose 1" (25 mm), brass nickel plated

Product description

WaterProfi components are completely made of brass MS 58 which offers a more robust and wear resistance vs other couplings made of plastics. The one-hand operation guarantees a simplified work and an optimum ease of use. WaterProfi products are outfitted with O-rings to offer best sealing characteristics. That means: leakages can be avoided with the coupling system as often seen with pre-mounted compression fittings now in the past.

Product properties

Connection	Hose barb 25mm LW(1")
Seal	EPDM
Weight in kg	0,068
Material	Brass nickel plated
Maximum working pressure in bar	PN 16 bar
max. temperature in °C	+95°C
Bore	DN 9
Professional recommendation	Water
Series	WS
Series long	WS

Dimensions

B mm	26,5
L mm	41
