

WS 12 NI WaterProfi-Plug G 1/2" IG

WaterProfi-plug with female thread (valve adaptor) G 1/2", brass nickel plated, DN 9

Product description

WaterProfi plugs are completely made of brass MS 58 which offers a more robust and wear resistance vs other couplings made of plastics. The one-hand operation guarantees a simplified work and an optimum ease of use. WaterProfi products are outfitted with O-rings to offer best sealing characteristics. That means: leakages can be avoided with the coupling system as often seen with pre-mounted compression fittings now in the past.
