

## IH709325200/100 Multipurpose hose

Multipurpose transfer hose, black, 15 bar, 6,5 x 13 mm, length 100 m

### Product description

GST II Black 15 bar is a low pressure mutlipurpose hose designed to handle air, mild chemicals and water. The EPDM tube compound is specially formulated so to withstand oil mist which is an added value for this typology of products and a real benefit for your stock control. Thanks to this peculiarity it is ideal for air tool lubricant systems where together with air there are traces of oil.

#### Product properties

|                        |                                                                     |
|------------------------|---------------------------------------------------------------------|
| Item number            | IH709325200/100                                                     |
| Outer diameter in mm   | 13                                                                  |
| Outside calibrated     | No                                                                  |
| Description            | Applications• Air tooling• General industrial• Water transfer       |
| Special feature        | Burst pressure value 4:1                                            |
| Working pressure       | 15 bar                                                              |
| Mould coupling         | Yes                                                                 |
| Weight in kg           | 0,13                                                                |
| Material               | EPDM                                                                |
| Medium suitability     | • Air • Water • Mild chemicals                                      |
| Series                 | 7093                                                                |
| Working temperature    | -40°C up to +100°C                                                  |
| Additional information | • Suitable for oil mist• Reinforcement with synthetic textile yarns |

#### Dimensions

|                           |            |
|---------------------------|------------|
| Connection 1              | without    |
| Connection 2              | without    |
| Bend radius               | min. 50 mm |
| Colour                    | black      |
| Inner diameter            | 6,5 mm     |
| Length in m               | 100        |
| Hose Inner diameter in mm | 6,5        |
| Wall thickness in mm      | 3,25       |
