

## 9067001 – IN-LINE PRESSURE GAUGE pipe-pipe Ø=4

Inline pressure gauge, pipe-pipe Ø=4, 12 bar

### Product description

The MAN L pressure gauge belongs to the LINE ON LINE® family, which means it can be connected to all the other components in series or in parallel.

Available in the version for pipe-pipe connection with two push-in fittings, and in the version for thread-pipe connection with a brass nickel-plated male thread and a push-in fitting.

Though small in size, this pressure gauge, which is supplied in a metal casing, ensures accurate reading.
