

C3135A4-38OH Right Angle Grinder

Right Angle Grinder, 4" / 100 mm wheel size, 3/8"-24 spindle thread, 1380 l/min air consumption

Product description

Cleco's Right Angle Grinders are designed for rigorous use and long life, containing the features and power that are perfect for the most demanding applications found in foundries, shipyards, machine shops and rail car manufacturing.

- Designed to fit all Type 27, Type 27 threaded hub and Type 1 abrasive discs
- Spindle lock for quick and easy abrasive changes
- High-performance 1.25 kW motor delivers maximum power
- Quieter operation with rear exhaust overhose standard
- Ergonomic, anti-vibration handle for increased comfort and less operator fatigue
- Dual-layer, high-impact composite housing for extreme durability
- Versatile 270° adjustable guard for easy access to tight spaces
