

## Filter Regulator Parker - P32EB13EGABNGP

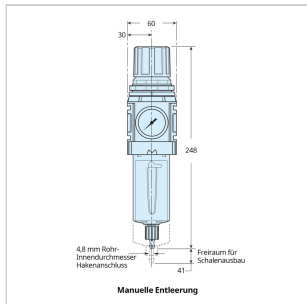

Filter Regulator, connection G 3/8", flow rate 3500 l/min., degree of filtration 5 µm, maximum inlet pressure 10 bar, automatic emptying

### Product description

Compact filter regulator.  
Standard version with high performance particle filter.  
Effective water separation.  
Automatic emptying.  
Stable but lightweight aluminum construction.  
Positive bayonet lock to ensure the correct and secure connection.  
Highest accuracy and response through standard secondary ventilation and primary pressure compensation.
