

CCBAW253 CellCore angle nutrunner

Wireless angle nutrunner, torques 7,5 - 25Nm, idling speed 305 1/min, 3/8" Square Drive

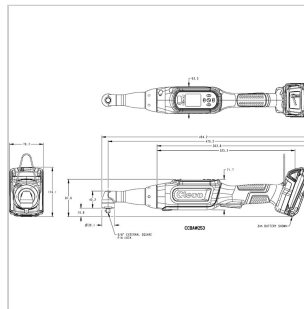

Product description

Cleco's new CellCore™ Cordless Assembly Tools are smart, durable and designed to withstand the toughest environments. The lightweight ergonomic design reduces operator fatigue while delivering state-of-the-art power, weight and balance. A large user interface makes it quick and easy to program rundowns on the tool without a controller.

- Durable - Assembly line tough (Drop tested up to 5 feet)
- Reliable - Increases uptime with 500k cycles between maintenance
- Ergonomic - Reduces operator fatigue while delivering state-of-the-art power and intelligence
- Easy to Use - Large user interface allows easy on-the-tool programming without a controller
- "Stay Alive" feature - prevents rebooting during battery replacement, saving time and increasing efficiency
- Internal data memory - 15000 screwing values and 500 curves storable in stand-alone mode
- Up to 10 CellCore tools can be operated with the appropriate nutrunner controller mPro200GC
