**Product properties**

|                            |                    |
|----------------------------|--------------------|
| Material                   | Engineered polymer |
| max. temperature in °C     | 80                 |
| min. temperature in °C     | -20                |
| RoHS compliant             | Yes                |
| Vacuum resistance in mm Hg | 755                |
| Material body              | Engineered polymer |
