

7012 - Bi-directional flow regulators made of polymer

Polymer flow regulators, Bi-directional flow regulators made of polymer

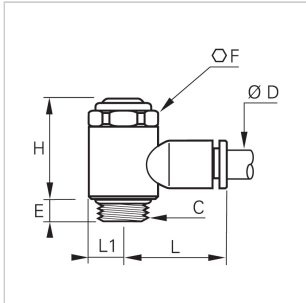

Product description

throttle valve, threaded, made of plastic:

- banjo with threaded connections
- recessed screw for bi-directional flow regulation. Throttling supply and exhaust, no non-return function.
- reliable and progressive adjustment with a screwdriver guaranteeing stability of adjustment
- strong construction for improved longevity
- for use in all pneumatic installations due to their high performance capability and small size

Product properties

Material	Engineered polymer
max. temperature in °C	70
RoHS compliant	Yes
Material seal	NBR
Material adjusting spindle	Brass nickel plated
Material body	Engineered polymer
Material body 2	Brass nickel plated
Material toothed washer	Stainless steel

Dimensions
