

## 7030 - Compact plug-in flow regulators, exhaust, made of polymer

Polymer flow regulators, Compact plug-in flow regulators, exhaust, made of polymer

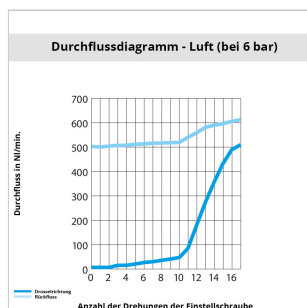

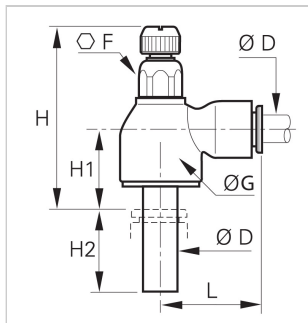

### Product description

Plug-in non-return throttle valve, threaded:

- compact banjo with push-in connection
- external screw for throttling exhaust air
- reliable, precise and progressive adjustment
- lock nut guaranteeing stability of adjustment
- very easy to install in adapted cavity type cartridges

**Product properties**

|                                   |                     |
|-----------------------------------|---------------------|
| <b>Material</b>                   | Engineered polymer  |
| <b>max. temperature in °C</b>     | 70                  |
| <b>RoHS compliant</b>             | Yes                 |
| <b>Material seal</b>              | NBR                 |
| <b>Material spigot</b>            | Brass nickel plated |
| <b>Material adjusting spindle</b> | Brass nickel plated |
| <b>Material body</b>              | Engineered polymer  |
| <b>Material locknut</b>           | Brass nickel plated |
| <b>Material toothed washer</b>    | Stainless steel     |
