

7067 - Compact bi-directional flow regulators made of polymer

Polymer flow regulators, Compact bi-directional flow regulators made of polymer

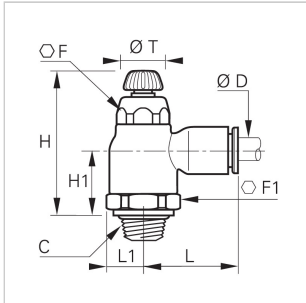

Product description

throttle valve, threaded, made of plastic, R-threads:

- compact banjo with external screw
- bi-directional: Throttling of air supply and exhaust, no non-return function.
- reliable, precise and progressive adjustment
- lock nut guaranteeing stability of adjustment
- for use in all pneumatic installations due to their high performance capability and small size

Product properties

Seal coating	PTFE
Material	Engineered polymer
max. temperature in °C	70
RoHS compliant	Yes
Material seal	NBR
Material adjusting spindle	Brass nickel plated
Material body	Engineered polymer
Material threaded fitting	Brass nickel plated
Material locknut	Brass nickel plated
Material toothed washer	Stainless steel

Dimensions
