

WS 34 I WaterProfi-coupling G 3/4" IG Quick coupling

WaterProfi-quick coupling straight-through with female thread G 3/4", brass nickel plated, DN 9

Product description

WaterProfi quick couplings series WS are completely made of brass MS 58 which offers a more robust and wear resistance vs other couplings made of plastics. The one-hand operation guarantees a simplified work and an optimum ease of use. WaterProfi products are outfitted with O-rings to offer best sealing characteristics. That means: leakages can be avoided with the coupling system as often seen with pre-mounted compression fittings now in the past.
