

WPN 12 I WaterProfi-coupling G 1/2" IG Quick coupling

WaterProfi-quick coupling straight-through and female thread G 1/2", brass nickel plated, DN 9

Product description

WaterProfi quick couplings are completely made of brass MS 58 which offers a more robust and wear resistance vs other couplings made of plastics. The one-hand operation guarantees a simplified work and an optimum ease of use. WaterProfi products are outfitted with O-rings to offer best sealing characteristics. That means: leakages can be avoided with the coupling system as often seen with pre-mounted compression fittings now in the past.

Product properties

Shut-off	Quick coupling Straight-Through
Old order number	WS 12 I
Connection	Female thread G 1/2"
Seal	NBR/HNBR
Single-hand operation	Yes
Self-venting coupling	No
Flat-sealing	No
Weight in kg	0,125
Material	Brass nickel plated
Maximum working pressure in bar	PN 16 bar
max. temperature in °C	+95°C
Bore	DN 9
Professional recommendation	Water
Series	WPN
Series long	WPN
Safety locking system	No
Water-resistant	Yes
Two-hand operation	No

Dimensions

D mm	28
L mm	53
L1 mm	10
SW mm	24
