

WPN 12 NA WaterProfi-plug G 1/2" AG

WaterProfi-plug with male thread (valve adaptor) G 1/2" AG, brass nickel plated, DN 9

Product description

WaterProfi plugs series WS are completely made of brass MS 58 which offers a more robust and wear resistance vs other couplings made of plastics. The one-hand operation guarantees a simplified work and an optimum ease of use. WaterProfi products are outfitted with O-rings to offer best sealing characteristics. That means: leakages can be avoided with the coupling system as often seen with pre-mounted compression fittings now in the past.

Product properties

Shut-off	Plug Straight-Through
Old order number	WS 12 NA
Connection	Male thread 1/2"
Seal	NBR/HNBR
Single-hand operation	Yes
Flat-sealing	No
Weight in kg	0,055
Material	Brass nickel plated
Maximum working pressure in bar	PN 16 bar
max. temperature in °C	+95°C
Bore	DN 9
Professional recommendation	Water
Series	WPN
Series long	WPN
Safety locking system	No
Water-resistant	Yes
Two-hand operation	No

Dimensions

L mm	40
L1 mm	10
L2 mm	24
SW mm	24
